## Henley Women's Regatta | Marlow Regatta | Sponsorship

### Sponsorship

The senior men's appeal for funding was met with unbelievable enthusiasm. In particular we would like to thank Fresh Student Living for a substantial sponsorship deal, and Ann's Pasties of Cornwall for providing us with not only funding but delicious post-race fuel! Finally, without the generosity of our families and friends none of this would have been possible. Thank you from everyone in the men's 4+ and 8+.

June traditionally marks the start of every club and University's Henley Campaign, and for EUBC this is no different. After lots of seat racing over the past few weeks, crews were set for Henley Women's Regatta for the Women's squad and Marlow Regatta for the Men's squad.

### Marlow Regatta

After managing to raise enough money and getting sponsorship from The Barn, The Cricket Field Court and Ann's Pasties, the Men's squad have been able to rent a carbon wing Empacher 8+, a 2018 Filippi 4+ and a Filippi 4x. This has really motivated the squad to push on for the upcoming races.

The 4x kicked off the day coming 6th in the time trial which meant they gained a place in the A final. This was impressive considering they had a sub from Quintin Rowing Club coming to race on

the day.

The 4+ followed suit, bettering the result winning the time trial by 6 seconds over a Canadian Crew. The 8+ also had a great start by coming 5th in the time trial, securing a place in the A final later that afternoon.

With all crews in A finals, the races were challenging but nonetheless, the 4x came 6th, 8+ came 5th whilst the 4+ had an incredibly tight race all the way down the track with the Canadian Crew, but missed out on first place by a length. The results for the 8+ meant they had done enough to pre-qualify for the Temple Challenge Cup for

## Henley Women's Regatta

Whilst the men were busy in Eton Dorney, the Women's squad were busy just a few miles away at Henley. We had a selection of crews racing this year from singles to quads and an 8+. All crews were required to qualify and due to the competitive nature of Henley, the Aspirational Single and Aspirational Academic 8+ did not make it through. However, they had solid races and will take the experience of racing at this prestigious event through to next year, especially the novices that were racing in the 8+.

The Development 4+ did a great job in being one of the fastest 16 boats out of 36 after narrowly missing out last year in being the fastest non-qualifier.

The two fours had quarter finals on the

Friday evening. They were both drawn against tough competition with the 4- racing Nottingham A. Despite both crews having a great start, they were unfortunately not fast enough for the classy racing of the other crews. The majority of these fours have returners so we can't wait to see what they can do next year.

The two quads, Aspirational and Champ had races on Saturday. The Aspirational quad drew the eventual winners of their category and the Champ quad drew a

Leander crew. They both had a solid race, but sadly did not progress to the next round.
